Join us in welcoming our New Senior Center Director, Wanda Randle!

Wanda is an experienced manager and team-leader in both the corporate and community sectors. She worked with Bank of America Wealth Management for 20 years, helping people from all walks of life with coaching and

Fire Department Receives New Ladder Truck

Say “Hello” to the newest member of the Hutchins Fire Department! This new Spartan Platform ladder truck will allow our Fire Department to further improve their training and emergency response. Our Firefighters will now be able to perform fire rescues in tall buildings, as well as combat even larger fires.

Coming in at nearly 50 feet and taking over a year to construct, this new addition to our Fire Department will be housed at the Stacy Hickson Fire Station on Wintergreen Road. Funding for the $1.3 million dollar truck came from the 2017 Bond sale and was included in the 2017-18 Budget. Not only will this directly benefit the Fire Department and those it serves, it will also help to improve the ISO Rating, which means potentially lower costs for fire insurance in Hutchins.

If you would like to tour the Fire Station, give us a call at 972-225-3311!

Save the Date: Summer STEM Camp

The Atwell Public Library will be hosting a two week long Science, Technology, Engineering, and Mathematics (STEM) camp for kids entering grades 6-8 for the following school year. Registration will open on May 1st, and is free for Hutchins residents. Breakfast and Lunch will be included. Keep an eye out, as more details will be provided once we get closer to registration.

STEM skills are in high demand! The Bureau of Labor Statistics estimates that there were nearly 8.6 Million STEM jobs in 2015, with 93 out of 100 STEM occupations paying over the national wage average. Between May 2009 and May 2015, employment in STEM occupations grew by twice the national average.
